

Bake it  
or  
freeze it!

# Peak Belting Range for the Food Industry

PTFE and Silicone Coated Belts

# Through fire and ice with our new Peak range of food-grade Silicone and PTFE coated process and conveyor belts for the **Food** Industry

## **Baking**

Ammeraal Beltech's Peak belts are the smart solution for a wide variety of baking processes.

## **High-Temperature Bakery Ovens**

Flour-based products such as pastries and biscuits can be conveyed safely and efficiently through ovens at temperatures up to +260°C.

Excellent release properties mean that baked goods are transferred easily and undamaged, reducing mess and waste and boosting hygiene.

## **Press Baking**

Peak belts are great for press-baking processes for products such as tortillas, pizza bases and flatbreads.

## **Open-Flame Baking**

Peak belts can also be used on open-flame baking lines for the production of ethnic breads such as pita and piadina.

## **Cryogenic freezing**

Ammeraal Beltech's Peak range of belts are ideal for use in cryogenic freezing, a food processing technology that is rapidly gaining popularity thanks to lower set-up costs and improved food quality when compared to mechanical food freezing.

**Want to know more?  
Contact us**

Get in touch with your nearest Ammeraal Beltech sales office (see list overleaf), or visit **www.ammeraalbeltech.com** to locate your local service centre, and we'll be glad to help.

Ammeraal Beltech member  
European Hygienic  
Engineering & Design  
Group

Food Grade belts  
comply with  
EC 1935/2004 and  
FDA standards

**Key benefits**

- Excellent release properties, even for sticky foods, such as flour-based doughs, and for sugar-coated or sugar-based products, e.g., doughnuts or chocolate
- Very low friction
- High abrasion resistance
- Working temperatures:
  - Heat resistant up to +260° C
  - Cold resistant down to -70° C
- Chemically inert – even at extreme temperatures or when in contact with most corrosive chemicals
- Optimal airflow due to open mesh design
- Easy cleaning due to non-stick PTFE coating
- EC 1935/2004 and FDA food-grade compliant

**Proven performance,  
dependable solutions**

For more than 40 years, the PTFE Group of Companies (comprising Green Belting, Greenbelt, Mapelli and Biscor) has been a key supplier to the Baking Industry. The companies have provided belting solutions for bakery oven and drying applications, as well as PTFE Tape and belts for heat-sealing applications, to leading manufacturing and production facilities in the Baking Industry. Their inclusion in the Ammeraal Beltech group of companies provides customers from both the PTFE Group of Companies and Ammeraal Beltech with a greater range than ever of outstanding in-house products and services to manage every aspect of their process manufacturing and packaging lines.
