Innovation & Service in Belting

## Die Cut Box and Specialty Folder Gluers

**Increasing market demand for corrugated die cut boxes requires top quality belting solutions!**

### State of the art Feed Belts for the Carton Folding industry

- Seamless coating with excellent wear resistance, available in commonly used standard sizes.
- Positive and reliable feeding of blanks.
- Superior feed consistency and accuracy.
- Ultrafeed 500 with exclusive Carmi-Tech CS 20 can offer significant belt life improvement.
- Ultrafeed 500 series feeder belts for a longer trouble free life!

**Buy belts less often  
Cut maintenance time and expense  
Improve productivity and yield  
Reduce carton waste and scrap**

### Rapplon® carrier and folder belts when speed and flexibility matter

- Classic types and new QuickSplice range.
- High grip and wear resistant XNBR covers for perfect carrying and folding of the blanks.
- Dimensionally stable – no re-tensioning required.
- Excellent edge stability.
- Smooth running.
- New QuickSplice range: joining within 6 minutes; up to 25% energy saving.

**Easy installation and tracking  
Longer service life  
Perfect control on transport and fold  
Highest quality of folded boxes**

**Just some examples of typical areas of concern in your business. Contact Ammeraal Beltech and find out the best belting solution to improve the efficiency in your production process.**
