## Ammeraal Beltech Distribution & Logistics Belts

Extendables

Curves

Sortation Systems

Ammeraal Beltech extendable conveyor belts are enhanced with a lateral strength than can withstand the harshest environments: weather, heavy goods, oil and grease. These belts must be high strength for low stretch and excellent tracking properties. We offer smooth and rough top profiles for extendable conveyors. Our extendable belts are a proven performer a cross Australia and guarantee trouble free operation.

Ammeraal Beltech curve conveyor belts are the industry choice in Australia for a tough hard wearing curve belt. With a variety of surface finishes, our belts are precision made to your specifications. Quick turnaround keeps downtime to a minimum, and our reps are always available to discuss with you the best Ammeraal Beltech belt to suit your curve conveyor.

Ammeraal Beltech sortation system belts are the perfect choice for your conveyor system. With many different types available, we offer low friction belts for merge and diversion, high friction for indexing and registration, as well as a variety of constructions and strengths to ensure the perfect belt is selected, to give you the longest service life.
