

Rycon Sanding Belts

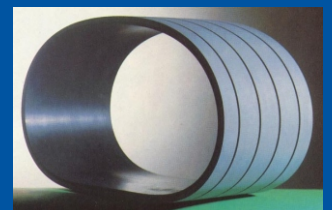

Introducing our RYCON range of truly endless belts for the woodworking industry. These high quality belts are particularly suited for sanding and calibrating, planing and polishing of all timbers and veneers.

Our RYCON Sanding belts are specially manufactured to your size requirements and utilise the finest quality materials in their manufacture to ensure long service life and high adhesion for your timber.

RYCON Sanding belts are available in a variety of surface finishes or impressions. Fabricated with the finest non-marking rubber covers, they are the choice of major worldwide original equipment manufacturers.

Main Advantages

- Uniform and consistent thickness
- Hard wearing elastomer covers
- Non Marking surface
- Truly endless construction
- No splice or joins in the surface
- Long Life
- Easily tracked
- High strength polyester construction
