As the market leader in industrial belting, Rydell supply a premium quality range of teflon coated fibreglass belting, glass fabrics and adhesive tapes to satisfy all industry demands.

Rydell

Rydell Industrial (Belting) Co

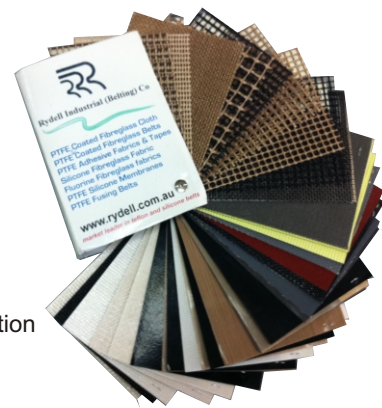

Innovative belt solutions for every industry & application

Rycon Teflon Belting, Glass fabrics and Tapes

Rycon Teflon coated fibreglass conveyor belts are used in a number of applications where heat resistance or high product release is required. They are used in drying and shrink tunnels in textile and printing factories and are available with a variety of splices including overlap, castellated and metal fasteners.

All Rycon teflon belts are made to your specific requirements including positional lugs and profiles. Contact us for a competitive quote today.
